

AMERICA'S **250** year Anniversary

AFRICAN AMERICAN HISTORY & CULTURE

A DIVE INTO AFRICAN AMERICAN CULTURE & HERITAGE IN *Washington. DC*

Over the past 250 years, few movements have shaped history as profoundly as the Civil Rights Movement. Washington, D.C. offers a powerful lens through which to explore this decades-long struggle for equality, particularly for African Americans.

While Black History Month is officially celebrated in February, the rich and inspiring stories of Black history and civil rights can—and should—be explored year-round.

This immersive experience takes you through the historic U Street Corridor and other key sites that have played central roles in the cultural and activist landscape of Black America. From the Emancipation Statue to the Martin Luther King Jr. Memorial, you'll gain insight into pivotal moments of the movement through the African American perspective. A brief visit to the iconic Howard University campus is also included.

To round out your journey, a self-guided tour of the National Museum of African American History and Culture is highly recommended for a deeper, more comprehensive understanding.
